DID YOU KNOW THAT...

Specialised employment websites unite job offers from a specific profession or sector. They are a useful tool both for companies, who need to recruit increasingly **specialised talent**, and for job searchers who want to find offers more focused on their areas of interest.

These websites usually have a reduced number of jobs on offer, but they are more aligned with your professional profile and you will find **less competition**.

REMEMBER!

You will also find specific offers in general employment websites filtering by keyword, such as “**agricultural**”, “**food**”, “**food handling**”, “**preserves**” and others related to your occupation.

FOCUSING

The food sector contributed with **16.28%** to the Catalan GDP in 2020, with over **61,000 companies** (farms, food industry and auxiliary industries) and **163,000 employees**.

01. Specialised employment websites

Agrodigital

<https://www.agrodigital.com/anuncios-clasificados-2/ojea-anuncios/162/oferta-de-empleo/>

Employment website of Castilla y León specialised in job offers in the fields of agriculture and livestock farming.

Agrowork

<https://agrowork.es/>

Digital platform displaying job offers in the field of agriculture. Their website has a directory of member companies.

Info Agro

<https://www.infoagro.com/empleo/>

Spanish career site displaying job offers as well as valuable content for job searchers.

Mercabarnajobs

<https://mercabarnajobs.mercabarna.es/es/home>

Career site of the companies located in Mercabarna (Barcelona), one of the main wholesale fresh good markets in Europe.

Tecnoalimen

<https://www.tecnoalimen.com/empleo?q=packaging>

Website specialised in the food and packaging industries, particularly focused on vacancies related to food technology.

Vino Empleo

<https://vinoempleo.es/ofertas-de-trabajo/>

Spanish career site focusing on wine and viticulture vacancies.

DID YOU KNOW THAT...

These companies aim to **select a candidate** to cover for a specific role for the customer company. Therefore, temporary recruitment agencies, head-hunters and service companies become a **key channel** to access certain offers and companies in the sector. Besides, they manage several job offers at the same time, so by applying through these companies you will have access to **offers from different clients.**

REMEMBER!

Food companies are increasingly using **recruitment agencies to find the professional profiles** they need (Vitartis and Randstad study 2020).

FOCUSING

The most in-demand professional profiles in the food sector are **nutritionists, agrotechnology application experts, experts in food safety and quality, and farmhands.**

02. Recruitment and intermediary companies

Adecco

<https://www.adecco.es/ofertas-trabajo/ind-alimentaci%C3%B3n>

Intermediary company specialised in recruitment. Job offers may be filtered by sector, including food.

Eurofirms

<https://www.eurofirms.com/es/es/trabajo-temporal/alimentacion/>

Division specialised in recruiting talent in the food sector, particularly food industry professional profiles. All current vacancies are displayed on their website.

Grupo Fuertes

<https://rrhh.grupofuertes.com/job>

Spanish holding company managing over 20 companies, most of which belong to the agri-food sector. There is a career site on their website displaying job offers in Madrid, Huelva, Sevilla, Murcia and Castellón.

Grupo Noa's

<https://www.grupoanoas.es/empresa-servicios-agrarios/>

General recruitment company with a section specialised in agriculture. Candidates may fill in the form to join their database and apply to their job offers through the link provided.

Helpoint

<https://www.helpointserveis.com/-ca/ofertes-de-treball/ofertes-de-treball/ia603>

Human resources consultancy company specialised in tradesmen recruitment. Agriculture and livestock farming offers may be found through the filter “professional area / sector”.

InterimAire

<https://interimgrouphr.com/servicios-rrhh/interim-aire-ett/division-agroalimentaria/>

Consulting company operating nationally and internationally (France and Portugal). They have a specific recruitment section for the food sector. Candidates must register on their database.

Michael Page - Alimentació

<https://www.michaelpage.es/jobs/alimentacion/barcelona>

The website of this general recruitment company allows filtering job offers related to the food sector in Barcelona and the rest of Spain.

Randstad - Alimentació

<https://www.randstad.es/candidatos/ofertas-empleo/p-barcelona/e-alimentacion/s-alimentacion/>

General consulting company specialised in recruitment. Their career site has a specific search category for the food sector. Candidates may check their job offers in Barcelona and the rest of Spain through the link provided.

DID YOU KNOW THAT...

Self-applying to a company before they post a job offer is a good way to **anticipate their demand for personnel** and show interest in joining their team.

For your self-application to succeed, you will need to **send a cover letter alongside your CV** and follow up on your application. Immediate results are not guaranteed, but you might be selected for unpublished offers and **reduce competition to a minimum**.

REMEMBER!

Companies increasingly appreciate profiles with knowledge of **biological and functional products**, who apply **sustainability and ecological** criteria along the food production process. Can you make any of these factors stand out on your CV? Do it!

FOCUSING

Barcelona is a leading city in **food change and innovation**. It has more than **40 municipal markets** and an agroecological network promoting local and sustainable production. Along these lines, Barcelona was **World Sustainable Food Capital** in 2021.

03. Self-application

A) COMPANIES

Agriculture and livestock companies:

Actel

<https://actelgrup.com/ca/treballa-amb-nosaltres>

Fruit and cereal production cooperative operating in Catalonia and other autonomous communities (Aragón, Castilla y León, Extremadura and Valencian Community).

https://www.mercabarna.es/cercador-empresas/es_index.php/

Search engine of companies operating within the Barcelona central market. Results may be filtered by business sector.

Todoganado.com

http://www.todoganado.com/guia_empresas/

Directory of companies, associations and training centres related to the food sector, mainly located in Spain.

Xarxa de Parcs Agraris

<https://parcs.diba.cat/>

The Barcelona Provincial Council (Diputació de Barcelona) displays the network of agricultural parks of Catalonia, where you will find information and access to the parks as well as the organisations working there. Amongst others, you will find information about the Baix Llobregat Agricultural Park.

DID YOU KNOW THAT...

Colleges and professional associations are organisations that **defend and promote the interests of a certain occupation or trade**. Most common services offered include: information, regulatory and legal advising, refresher courses and career site, where you may find suitable offers for your profile. Besides, by joining these organisations you will easily meet other professionals and **expand your contact network**.

REMEMBER!

These organisations offer **up-to-date training in the latest market trends**, such as ecological production, management of food safety systems, biodegradable packaging and precision feeding, amongst others.

FOCUSING

Synthetic foods are those that **do not come from a natural source**. Instead, they are synthesised in laboratories through alternative methods. An example is synthetic meat, which is created from the culture of animals' stem cells.

04. Professional associations and leading training centres

A) COLLEGES AND PROFESSIONAL ASSOCIATIONS

Academia Española de Nutrición y Dietética

<https://www.academianutricionydietetica.org/>

Access to information, education and publications related to the food sector.

Agència Catalana de Seguretat Alimentària - ACSA

<https://acsa.gencat.cat/ca/inici>

Specialised area within the Public Health Agency of Catalonia, aiming to achieve the highest food safety standards. They offer a map of dietary hazards, diet studies, guides and other advice.

Associació Catalana de Ciències de l'Alimentació - ACCA

<https://acca.iec.cat/recursos/>

Website of the Catalan Association of Food Science. It has a resources section including related public entities, research centres and schools, amongst others.

Associació Catalana de Fabricants d'Aliments Compostos - ASFAC

<https://www.asfac.org/>

ASFAC represents and defends feed manufacturers.

Associació d'Agricultors Viveristes de Barcelona - AVB

<https://www.viveristesbarcelona.cat/index.php#>

This website displays a directory of plant nursing companies in Barcelona including many references.

Associació Vinícola Catalana - AVC

<http://www.avicolacatalana.cat/index.php/ca/>

The website of the Catalan Wine Association includes training programmes and the latest information on the wine sector in our territory.

Col·legi d'Enginyers Agrònoms de Catalunya - COEAC

<https://www.agronoms.cat/>

Official website of the College of Agronomic Engineers of Catalonia, displaying a company directory as well as job vacancies.

Col·legi de Biòlegs de Catalunya - CBC

<https://cbiologs.cat/>

The College of Biologists of Catalonia offers standard services to its members, as well as updated information and events.

Gremi d'Herbolaris Apicultors i Alimentació Dietètica i Biològica de Catalunya

<https://www.assocdietherb.com/>

Website displaying information about member companies, training programmes and career site, as well as other relevant information in this area.

Gremi de Carnissers-Cansaladers-Xarcuters de Barcelona - GremiCarn

<https://www.gremicarn.cat/borsa-candidat/>

Trade union of butchers and deli clerks. Candidates may self-apply through the form on their website.

Gremi de Carnissers de Barcelona

<https://www.gremicarnissers.com/professionals/cursos/>

The website of the association of professional butchers offers the latest news of the sector and a section of training courses. There is also a career site for members, where their profiles and CVs are published.

Gremi de Flequers de Barcelona - GFB

https://www.gremipabcn.com/ca/borsa_inscripcio_new.php?ap=61

The Artisanal Bakers Union of Barcelona has a career site open to the public. Candidates must fill in the form to join.

Gremi de Fruïters

<http://www.gremifruïters.com/CATALAN/Index.php>

Association that offers professional counseling and promotions to its members.

Institut Català de la Vinya i el Vi - INCANVI

<http://incavi.gencat.cat/ca/inici/index.html>

<http://www.etsea.udl.es/ca/>

School specialised in degrees and master's degrees in the fields of food science and technology, forest engineering and agricultural and food engineering, amongst others. It is located within the University of Lleida.

Institut de Recerca i Tecnologia Agroalimentàries- IRTA

<https://www.irta.cat/ca/>

It develops a research model focused on the agri-food sector. The Institute works with the sector, establishing strategies and lines of work jointly, contributing to the modernization, competitiveness and sustainable development of the agricultural, food, aquaculture and fisheries sector.

Institut de Tecnologia Agroalimentària - INTEA

<https://www.udg.edu/ca/instituts/intea>

Affiliated to the University of Girona, the Institute of Food and Agricultural Technology offers master's degrees and PhDs in this field.

Institut dels Aliments de Barcelona

<https://agora.xtec.cat/iabarcelona/>

School offering food-related training and insertion programmes (PFI) and intermediate vocational training programmes.

Instituto de Ciencia y Tecnología de Alimentos y Nutrición - ICTAN

<https://www.ictan.csic.es/>

This organisation, located in Madrid, aims to create new scientific knowledge in the areas of nutrition and food science and technology, as well as to train new professionals and transfer scientific knowledge.

Instituto Nacional de Investigación y Tecnología Agraria y Alimentaria - INIA

<https://www.inia.es/Pages/Home.aspx>

Public organisation affiliated to the Ministry for Science and Innovation. It is in charge of coordinating and developing research, innovation and development projects in matters of agri-food and forestry on a national level.

Universitat Autònoma de Barcelona - UAB

<https://www.uab.cat/biociencias/>

This faculty offers degrees, master's and doctoral programmes related to the food sector.

Universitat de Barcelona - UB

<https://www.ub.edu/portal/web/farmacia>

The UB offers degrees, master's and doctoral programmes related to the food sector at the Faculty of Biology and the Faculty of Pharmacy and Food Sciences.

Universitat Oberta de Catalunya - UOC

<https://estudis.uoc.edu/ca/masters-universitaris>

This university offers master's degree programmes related to the food sector.

DID YOU KNOW THAT...

Networking, either online or in person, allows you to access to certain **offers that are not published in usual sites**, as well as widen your **contact network**. To network successfully, focus on the relationship as **an exchange** through which useful information is shared and received. So: make yourself visible, interact and share! In exchange, you will receive opportunities, proposals and recommendations that will boost your job search.

REMEMBER!

Cooperativism and networks related to the countryside, farming, and new food research has grown considerably, while **knowledge centres** are increasingly **collaborating with companies**. Dare to connect!

FOCUSING

Information technologies applied to agricultural production allow for **massive data** gathering and processing. They have real-time **sensors** and use **drones** that prematurely detect issues in watering, fertilisation or plagues, amongst others.

05. Networking

A) ORGANISATIONS

Agroinformación.com

<https://agroinformacion.com/>

Resource portal of the sector containing specific information about the fields of economic activity, development initiatives and opinion pieces.

Agroparc Penedès

<https://corp.ametllerorigen.com/ca/agroparc-penedes/>

Food hub integrating agricultural, livestock farming and food industry activities. They offer several initiatives, workshops, activities and a digital magazine.

Agroterra

<https://www.agroterra.com/>

Agricultural marketplace that allows to search brands or products by category.

Clúster Foodservice de Catalunya

<https://www.clusterfoodservice.org/>

Cluster Foodservice is made up by companies and actors of the food value chain with the aim to create debate and networking spaces, as well as to develop projects.

Clúster Vitivinícola Català- INNOVI

<https://www.innovi.cat/>

Group of companies with the mission of consolidating the wine region of Catalonia as a reference in the field of innovation and global quality.

Consell Català de la Producció Agrària Ecològica - CCPAE

http://www.ccpae.org/index.php?option=com_content&task=view&id=1080&Itemid=260&lang=es#.Ycm1E2jMLrc

The website of the Catalan Council of Organic Production offers useful information resources for professionals in this sector. Besides, it offers a subscription to two instant messaging channels through which they share information about ecological certification and the activities they carry out.

Departament d'Acció Climàtica, Alimentació i Agenda Rural - Generalitat de Catalunya

<http://agricultura.gencat.cat/ca/inici>

This website includes a calendar of technical workshops and other activities related to this sector.

Food For Life

<https://foodforlife-spain.es/>

Technology platform promoting the transmission of scientific progress and research in the field of food.

Ministerio de Agricultura, Pesca y Alimentación

<https://www.mapa.gob.es/es/>

Website offering interactive resources such as live streamings, collaborative platforms and public participation projects.

Red Rural Nacional - RRN

<http://www.redruralnacional.es/>

National platform made up by the main actors in the rural environment, with the aim to strengthen alliances and share experiences.

Rural.cat

<https://ruralcat.gencat.cat/>

Content and service portal dedicated to professionals, entities and individuals in the fields of agri-food, forestry and the rural world. It is promoted by the Catalan Ministry of Climate Action, Food and Rural Agenda.
