### DID YOU KNOW THAT...

**Specialised employment websites** unite job offers from a specific profession or sector. They are a useful tool both for companies, who need to recruit increasingly **specialised talent**, and for job searchers who want to find offers more focused on their areas of interest. These websites usually have a reduced number of jobs on offer, but they are more aligned with your professional profile and you will find **less competition**.

### REMEMBER!

You will also find specific offers in general employment websites filtering by keyword, such as “**maritime transport**”, “**fishing**”, “**sailing**”, “**naval engineering**”, “**maritime jobs**” and others related to your occupation.

### FOCUSING

The Blue Economy sector **employs 15,806 people** in Barcelona. It generates an annual **turnover of more than 3.82 billion euros**, which represents **4.3% of the GDP** and **1.4% of employment** in the city (2021).

## 01. Specialised employment websites

### Acerga (Bolsa de empleo)

<https://empleo.acerga.com/>

Website of the Galician Association of Seiner Owners, which connects fishing companies and professionals.

### Blue upTalent

<https://www.ime.es/empleo/>

Career site promoted by the Spanish Maritime Institute, listing maritime logistics jobs.

### Clúster Acuiplus (Bolsa de empleo)

[acuiplus.org/bolsa-de-empleo/](http://acuiplus.org/bolsa-de-empleo/)

Website publishing job vacancies in the aquaculture subsector.

### Cruise Job Finder

<https://www.cruisejobfinder.com/JobDescriptions/>

Career site offering jobs in cruise ships as well as in the company headquarters.

### Cruise Ship Jobs

<https://www.job-applications.com/cruise-ship-jobs/>

This website lists job offers in international cruise ships. It includes advice and tips to search for a job in this sector.

### Emplea Náutica

<https://www.empleanautica.com/>

Online recruitment platform offering several job offers in the nautical sector, as well as entry-level opportunities in the maritime sector.

### Faststream

<https://www.faststream.com/jobs/shore-based-maritime-shipping-jobs/s-460>

International career site specialised in the maritime sector, with an option to filter vacancies.

### Mar Job

<https://campusdomar.gal/whats-is-marjob/>

Website specialised science, technology and management vacancies related to the maritime sector. It is promoted by Campus do Mar.

### Marinos mercantes

<http://www.webmar.com/foros/viewforum.php?f=47>

Career site displaying job offers and demands related to the nautical and maritime sectors. It also includes tips and resources for candidates to prepare.

**Mis Peces**

<https://www.mispecies.com/empleo/#.YXZ2Wp5BzIU>

Website specialised in fishing and aquaculture.

**One Seagate**

<https://www.oneseagate.net/>

Industry specific career site that allows filtering offers by category and type.

**Seacareer**

<https://www.seacareer.com/>

Website offering maritime jobs onboard vessels. They manage the vacancies of 20 recruitment companies for different types of ships: ferries, specialised ships, tankers, cargo ships, etc.

**V.Ships**

[https://careers.peopleclick.eu.com/careerscp/client\\_VShips/external/search/search.html](https://careers.peopleclick.eu.com/careerscp/client_VShips/external/search/search.html)

Website specialised in the maritime sector. Offers may be filtered by company, professional field and role.

**Wind Rose Network**

<http://www.windrosenetwork.com/>

Website listing job offers related to the maritime sector. They offer employment in merchant vessels, cruise ships and oil rigs.

### DID YOU KNOW THAT...

These companies aim to **select a candidate** to cover for a specific role for the customer company.

Therefore, temporary recruitment agencies, head-hunters and service companies become a **key channel** to access certain offers and companies in the sector. Besides, they manage several job offers at the same time, so by applying through these companies you will have access to **offers from different clients**.

### REMEMBER!

Many companies in the maritime sector **operate internationally**, which is why intermediary companies are frequently used to hire staff. **Share your CV** with these companies and look out for their vacancies!

### FOCUSING

The most in-demand professional profiles in this sector are **naval engineers, nautical maintenance technicians, marine scientists / technologists and operations and port services engineers**.

## 02. Recruitment and intermediary companies

### Arestora

<https://empleomaritimo.grupoarestora.com/jobs>

Recruitment agency displaying job offers related to the maritime sector in Galicia.

### Halcyon Recruitment

<https://www.halcyonrecruitment.com/>

Recruitment company specialised in vacancies related to the international maritime market, the oil and gas sector, renewable energies and the energy industry.

### Ibernor

<https://www.ibernor.es/ofertas-empleo/>

Integral management vessel service company recruiting professionals in the maritime field.

### Jobs in maritime

<https://jobsinmaritime.com/>

International intermediary recruitment agency. They work in English.

### Mar Recruitment

<https://www.marrecruitment.com/es-es/candidatos/>

Company specialised in recruiting staff in the following fields: ports, cruise ships, gas and oil.

### Maritime Jobs HR Consulting

<http://maritimejobs.es/DESAR/desarrollo.asp?1=1&apt=46>

Human resources consultancy company specialised in the maritime sector.

### OJ Crew

<https://ojcrew.com/all-vacancies/>

International recruitment agency specialised in the Blue Economy sector. They work in English.

### DID YOU KNOW THAT...

Self-applying to a company before they post a job offer is a good way to **anticipate their demand for personnel** and show interest in joining their team.

For your self-application to succeed, you will need to **send a cover letter alongside your CV** and follow up on your application. Immediate results are not guaranteed, but you might be selected for unpublished offers and **reduce competition to a minimum**.

### REMEMBER!

Companies are looking for **profiles with different qualifications** and value candidates with knowledge of **English**, experience in the maritime-fishing world, notions of maritime and international cooperation regulations and **availability to work long hours**.

### FOCUSING

Barcelona has **16.67 km of coastline**, which are a great asset in economic terms. The city has **four ports** (Barcelona Port, Olympic Port, Port Vell and Port Fòrum), several **maritime research centres** (CSIC-ICM, UPC, UAB) and a leading **enterprising and innovative ecosystem**.

## 03. Self-application

### A) COMPANIES

#### Maritime transport and port services companies:

##### Almarin

<https://www.almarin.es/es/contactos>

Company manufacturing buoys and markers for maritime navigation worldwide.

##### APM Terminals

<https://www.apmterminals.com/en/barcelona/about/careers>

Multinational company dedicated to loading and managing containers. Their website lists job offers around the world.

##### Autoterminal

<https://autoterminal.es/contacta-con-nosotros/?lang=es>

Company specialised in providing intermodal logistics services and port operations.

##### Balearia

<https://www.balearia.com/ca/treballa-amb-nosaltres>

Company group dedicated to, amongst others, the maritime transport of passengers and goods.

##### Boluda Corporación Marítima

<https://www.boluda.com.es/es/solicitud-de-empleo/>

Multinational marine corporation with two strategic divisions: Boluda Towage for towing services and Boluda Shipping for maritime transport and port logistics.

##### Costa Careers

<http://www.career.costacrociere.it/>

Italian cruise ship company with over 250 destinations.

##### DB Schenker

<https://www.dbschenker.com/es-es/carrera/puestos-vacantes>

Business group dedicated to management and logistics solutions. They have maritime and transport divisions.

##### Fred Olsen

<https://www.grupofredolsen.es/Empleo#/ofertas>

Fred Olsen Express has 8 shipping lines dedicated to inter-island transport of passengers and freight.

##### Grimaldi Lines

<https://careers.grimaldi-lines.com/jobs.php>

Multinational logistics business group specialised in maritime transport of cars, rolling load, containers and passengers.

### **Hapag-Lloyd**

<https://www.hapag-lloyd.com/en/company/career/vacancies/job-search.html>

Company specialised in transporting containers worldwide. Their vacancies may be filtered by country, category and area.

### **Maersk**

<https://www.maersk.com/careers/vacancies>

Multinational company dedicated to international business and logistics, focusing on maritime transport of freight in containers.

### **Marina Port Vell**

<https://www.marinaportvell.com>

Marina Port Vell is a marina with capacity for large yachts. They also host events related to this sector.

### **Port de Barcelona**

<https://seleccio.portdebarcelona.cat/>

Website of the organisation managing the Port of Barcelona. There is a site listing current vacancies, another dedicated to students and a temporary job listing.

### **Puertos del Estado**

<https://www.puertos.es/es-es/rrhh/Paginas/OfertasEmpleoAAPP.aspx>

Website displaying job offers in the Spanish port system.

### **TIBA**

<https://www.tibagroup.com/es/trabaja-con-nosotros-2>

Logistics operator specialised in international transport. They provide customs services, storage, large cargo loading and bulk liquid shipping, among others.

### **Transcoma Global Logistics**

<https://transcomalogistics.com/es/nosotros/trabajo>

Company dedicated to intermodal and port logistics.

### **ZAL Port**

<http://zalport.com/>

Logistics Activities Areas (ZAL) are the intermodal platform of the Port of Barcelona. Its aim is to attract maritime traffic with services of logistics infrastructure.

### **Recreational boat navigation companies:**

#### **Charter&Dreams**

<https://www.charteranddreams.com>

Company with headquarters in the Barcelona Port Vell specialised in selling and chartering exclusive yachts with a crew in the Mediterranean coast.

#### **Club Patí Vela Barcelona - CPVB**

<https://pativelabarcelona.com>

Sports organisation offering a large number of water activities. They are focused on promoting pedal boat sailing.

#### **Evolution Yacht Agents**

<https://www.evolutionagents.com>

Consignee agents offering services to large yachts, such as provisions, concierge services, interior supplies, deck and engineering products, customs consultancy and import clearance for yachts, logistics, subcontracts and fuel.

**Federació Catalana de Natació - FCN**

<https://www.aquatics.cat/borsatreball>

This website provides access to several swim clubs, training and a technical school. They also offer a specific career site.

**Marina Barcelona 92 - MB92**

<https://mb92.com/careers>

Marina Barcelona 92 is focused on repairing, maintaining and conditioning large yachts. This service is located at the Port of Barcelona, a strategic point located in the route between the Mediterranean and the Caribbean.

**Reial Club Marítim de Barcelona**

<http://www.maritimbarcelona.org>

Club promoting water sports, with a long-standing tradition in Olympic and leisure rowing.

**Sh concept formació**

<https://socrisimeaquatic.com>

Specific career site for water rescue.

**Solport**

<https://www.solport.net/>

Consulting company specialised in providing services and solutions in naval engineering.

**Fishing and aquaculture companies:**

**Fidemus**

<https://fidemus.es/fidemus/>

Located in Arenys de Mar, Fidemus is dedicated to obtaining and commercialising fresh products such as seafood, white fish, blue fish and cephalopods.

**Grup Balfego**

<https://grupbalfego.com/recursos-humanos/>

Business group dedicated to fishing and selling fish products, located in l'Ametlla de Mar (Tarragona).

**Maresmar**

<https://www.maresmar.com/ca/coneixeu-nos/>

Company specialised in fishing and selling fish and seafood.

**Pisciber Bio Secure Fishes - BSF**

<https://www.pisciber-bsf.com/>

Company dedicated to importing, exporting and distributing aquarium fish.

**B) SPECIFIC DIRECTORIES**

**APROMAR**

<http://www.apromar.es/asociados>

List of member companies of the Spanish Aquaculture Business Association.

**Clúster Marítimo Español**

<https://www.clustermaritimo.es/socios/>

Cluster made up of the main companies and organisations in the maritime industry in Spain.

**Cosas de Barcos**

<https://www.cosasdebarcos.com/empresas-nauticas/>

Directory of Spanish maritime companies.

### **Directori del Port de Barcelona**

<http://www.portdebarcelona.cat/es/web/comunitat-portuaria/>

List of organisations operating at Port of Barcelona. They may be filtered by type of organisation (stevedoring companies, official organisations, ship agents, freight forwarders, etc.).

### **Directori del Port de Tarragona**

<https://www.porttarragona.cat/ca/serveis-negoci/serveis/comunitat-portuaria>

Directory of companies operating at Port of Tarragona. Organisations may be filtered by type (customs agents, stevedoring companies, logistics services, etc.).

### **Europages**

<https://www.europages.es/bs/agricultura-ganaderia-y-pesca/animales-ganaderia-y-pesca.es/>

Online directory listing companies in 30 European countries. Search is conducted by category, product and geographic location (country and region).

### **Observatorio Español de Acuicultura - OESA**

<https://www.observatorio-acuicultura.es/recursos/bases-de-datos>

Useful database to get to know the resources available in Spain to conduct research related to this sector.

### DID YOU KNOW THAT...

Colleges and professional associations are organisations that **defend and promote the interests of a certain occupation or trade**. Most common services offered include: information, regulatory and legal advising, refresher courses and career site, where you may find suitable offers for your profile. Besides, by joining these organisations you will easily meet other professionals and **expand your contact network**.

### REMEMBER!

Through these associations you may **receive training in highly specialised fields** that are in demand. This sector is currently undergoing changes to adopt the smart port model, which will require technologies such as **big data, automation or AI** to make port processes more efficient.

### FOCUSING

New technologies are transforming the field of sailing. Two examples are the installation of **navigation and manoeuvring systems** in leisure boats and the **automation and remote control of the renewable energy consumption**.

## 04. Professional associations and leading training centres

### A) COLLEGES AND PROFESSIONAL ASSOCIATIONS

#### Asociación Nacional de Empresas Náuticas - ANEN

<http://www.anen.es/>

The Association of Spanish Nautical Companies has a career site listing vacancies related to this sector.

#### Asociación Técnica de Puertos y Costas - ATPYC

<http://atpyc.com/la-asociacion/>

The Spanish Technical Association of Ports and Coasts aims to promote technological progress in ports and coasts by fostering the creation of a common culture among all professionals working in these fields.

#### Associació Catalana de Capitans de la Marina Mercant

<https://www.capitansmercants.com/>

Association composed of captains and pilots of the merchant navy.

#### Associació d'Agents Consignataris de Vaixells de Barcelona

<http://www.consignatarios.com/es/bolsa-de-trabajo>

This association represents and defends the rights of member consignee agents and provides them with technical and legal advice. They have a career site.

#### Barcelona Clúster Nàutic

<http://www.barcelonaclusternautic.cat/ca/members>

Association bringing together industry, companies and public and private entities related to nautical activities. Their website has a directory of companies, which may be filtered by economic activity.

#### Club del Transitario Marítimo

<http://www.clubtransitariomaritimo.com/>

Association of people related to freight forwarders, who deal with logistics, transport and customs representation to ensure that the products arrive to the market.

#### Colegio y Asociación de Ingenieros Navales de España - COIN

<https://ingenierosnavales.com/category/empleo/>

The website of the Spanish College and Association of Naval Engineers displays job offers in the sector as well as supplementary training, among other services.

**Col·legi de Biòlegs de Catalunya - CBC**

<http://cbiolegs.cat/el-collegi/>

The College of Biologists of Catalonia offers the latest information, activities and training, among other services.

**Col·legi Oficial d'Agents de Duanes i Representants Duaners de Barcelona - COACAB**

<http://www.coacab.com/cat>

Organisation that brings together the collective of customs agents and customs representatives of Barcelona and associated companies, monitors their interests and represents them in front of the institutions.

**Confraria de Pescadors de Barcelona**

<https://www.cpbarna.com/>

Meeting and contact point between fishers and fishmongers displaying information about several types of fishing and activities related with fishing tourism.

**Gremi de Peixaters de Catalunya**

<https://gremipeixaters.cat/>

Non-profit association, with the mission of defending the interests of fishers in Catalonia and offering legal, labor and tax advice to its members.

**Institut de Ciències del Mar - ICM**

<http://www.icm.csic.es/ca>

The website of the Institute displays resources and publications related with the sector.

**B) UNIVERSITIES AND SCHOOLS:**

**Escola de Formació de Tècnics de Montjuïc – EFTEM**

[https://inefc.gencat.cat/ca/inefc\\_barcelona/grau\\_i\\_tecnic\\_esportiu/](https://inefc.gencat.cat/ca/inefc_barcelona/grau_i_tecnic_esportiu/)

Center with special characteristics, in that it offers sports education to students of Physical Activity and Sports Science simultaneously over the course of four years, to access levels I and II of intermediate level of sports technician in the chosen sport modality.

**Escola Port**

<https://escolaportbarcelona.com/>

Entity giving several professional courses (STCW) and leisure boating courses (navigation license, basic navigation skipper, yacht captain, etc.).

**Escuela Técnica Superior de Ingenieros Navales - Universidad Politécnica de Madrid**

<https://www.etsin.upm.es/>

College located in Madrid offering degrees, master's degrees, courses and seminars related with naval engineering.

**Institut de Nàutica de Barcelona**

<https://agora.xtec.cat/ins-nauticabcn/>

Vocational Training: intermediate training cycle of Leisure Boat Maintenance and higher degree training course of Electrical Installations and Ship Communications. Also sports education: intermediate training cycles and higher degree training courses (professional families: Sports Diving, Rescue and First Aid, Sailing, Canoeing and Socio-sports animation on the beach)..

**Institut Escola de Capacitació Nauticopesquera de Catalunya**

<https://agora.xtec.cat/iesnautica/>

School of the Generalitat of Catalonia located in l'Ametlla de Mar (Tarragona), specialised in intermediate and higher vocational training programmes in diving, machines and bridge.

### **Tecnocampus**

<https://www.tecnocampus.cat/grau/grau-en-logistica-i-negocis-maritims>

Center attached to the Universitat Pompeu Fabra that offers degrees and master's degrees in Logistics and Maritime Business.

### **Universitat Abat Oliba CEU**

<https://www.uaoceu.es/ca/>

This university offers master's degree programmes in Maritime Law.

### **Universitat Politècnica de Catalunya - UPC**

<https://www.fnb.upc.edu/>

At the Faculty of Nautical (FNB) of the UPC you can study bachelor's and master's degrees in the field of Blue Economy

### **Yacht Point**

<https://yachtpointbcn.com/>

Nautical school offering supplementary training and professional certifications related to navigation, both on sailing and motor boats.

### DID YOU KNOW THAT...

Networking, either online or in person, allows you to access to certain **offers that are not published in usual sites**, as well as widen your **contact network**. To network successfully, focus on the relationship as **an exchange** through which useful information is shared and received. So: make yourself visible, interact and share! In exchange, you will receive opportunities, proposals and recommendations that will boost your job search.

### REMEMBER!

The fact that the Port of Barcelona opens its innovation processes to all members of the port community **Open Port** creates the perfect environment for networking and favours a **collaborative approach to solving specific challenges**.

### FOCUSING

**Smart ports** take advantage of technology to become more efficient. For instance, **sensors and drones** register movements generated in the maritime sector, which allows to take action if there is an incident and store large amounts of data to make more analytical decisions.

## 05. Networking

### A) ORGANISATIONS

#### Asociación Española de Derecho Marítimo - AEDM

<https://aedm.es/es/blog>

Blog of the Spanish Maritime Law Association containing information about events, congresses, workshops...

#### Barcelona Clúster Nàutic (Agenda)

<http://www.barcelonaclusternautic.cat/ca/calendar>

Meeting point for professionals in this sector including networking activities such as “Blue Breakfasts”, where members get to know each other, generate synergies and become familiar with new projects.

#### BlueNetCat - Xarxa Marítima de Catalunya

<https://www.blunetcat.eu>

Public and private meeting point of the Blue Economy sector in Catalonia with the aim of generating bridges between research and this sector to effectively transfer knowledge and develop R&D&I projects.

#### Centro Mediterráneo de Investigaciones Marinas y Ambientales - CMIMA

<https://www.csic.es/en/investigation/institutes-centres-units/centro-mediterraneo-de-investigaciones-marinasy-ambientales>

The Mediterranean Center for Marine and Environmental Research is a research centre belonging to the Spanish National Research Council (CSIC) dedicated to the cross-disciplinary study of seas and oceans. It provides its services to the Institute of Marine Sciences (ICM) and the Marine Technology Unit (UTM).

#### Club de Mar - CDM

<https://www.clubdemar-mallorca.com/bolsa-de-trabajo/>

Marina located in the Balearic Islands offering several mooring services to their customers. Their website has a career site.

#### Clúster Marítimo Español

<https://www.clustermaritimo.es/>

Association of Spanish companies in the maritime sector. Their website has a section with the latest news on the sector as well as a training section. Besides, members may join working groups specialised on several areas of interest.

### **Clúster Nàutic Català**

<https://clusternautic.cat>

Organisation that brings together the leisure nautical sector of Catalonia, with the aim of promoting the sector, supporting the quality tourism industry, and promoting active leisure among citizens.

### **Departament d'Acció Climàtica, Alimentació i Agenda Rural**

<http://agricultura.gencat.cat/ca/serveis/ofertes-treball-temporal-resultats-seleccio/ofertes-treball/>

Department belonging to the Generalitat of Catalonia in charge of planning and developing public policies regarding fishing and maritime affairs. Their website displays temporary job offers.

### **Fundación Ingeniero Jorge Juan**

<http://www.ingenierojorgejuan.com/>

Entity gathering naval engineers. They organise events and offer several training programmes with the aim to properly train professionals based on the needs of the sector.

### **Institut de Recerca i Tecnologia Agroalimentàries - IRTA**

<https://www.irta.cat/ca/>

The Institute of Agrifood Research and Technology focuses on the agriculture, food, agroforestry, aquaculture and fishing sectors.

### **Instituto Español de Oceanografía - IEO**

<http://www.ieo.es/trabaja-con-nosotros>

Public entity conducting research in marine sciences. They focus their activities on ocean knowledge, fishing resources sustainability and the marine environment. Their website has a section displaying public job offers and grants in oceanography.

### **Mediterranean Action Plan - MAP**

<https://www.unep.org/unepmap/who-we-are/work-us>

MAP is the regional cooperation platform promoted by the United Nations Environment Programme. The Mediterranean Action Plan entails the adoption of a convention where protocols were established to protect the marine environment and the coastal region of the Mediterranean (Barcelona Convention).

### **Ministerio de Agricultura, Pesca y Alimentación**

<https://www.mapa.gob.es/es/pesca/temas/default.aspx>

The Ministry of Agriculture, Fisheries and Food is a public organisation developing public policies in matters of protection of fishery resources, aquaculture production, management and control of fishing fleet, licensing for recreational fishing and plans of regulation and planning, among other matters related to Spanish fishing.

### **Observatorio del Transporte y la Logística en España - OTLE**

<https://observatoriotransporte.mitma.es/>

Website managed by the Ministry displaying data and indicators of the sector, as well as annual reports and workshops of interest.

### **Open Port**

<http://www.portdebarcelona.cat/es/web/comunitat-portuaria/openport>

Open innovation initiative of the Port of Barcelona. It aims to create relationships of collaboration and shared innovation among the members of the port community. All actors involved (professionals, companies, start-ups, providers, etc.) are welcome to exchange knowledge in order to contribute to solving the challenges faced by the Port.

**Pesca i Aqüicultura - Departament d'Acció Climàtica, Alimentació i Agenda Rural**

<http://agricultura.gencat.cat/ca/ambits/pesca/>

The Generalitat of Catalonia manages and controls the fishing fleet, the fishers associations, the commercialisation, traceability and consumption of products and aquaculture centres and organisations. The Catalan government also issues recreational fishing licences.

**Pier 01 - Barcelona Tech City**

<https://techcityold.holarafa.com/ca/campus/pier01/>

Technology hub with a community that is constantly on the move consisting of entrepreneurs, corporations, start-ups, universities, investors, public administration, consultancy and services. Located in Palau de Mar, in the maritime district of Barcelona, it is one of the city's leading technology hubs and has the ability to attract investment and talent. They organise multiple events related to innovation with the goal to give visibility to start-ups and projects incubated and accelerated in their facilities, as well as networking sessions aiming to dynamise the ecosystem with an international projection.

**Real Liga Naval Española - RLNE**

<https://www.realliganaval.com/>

Private association defending the interests of the Spanish naval force, merchant navy, fishery navy and recreational navy.

**Salvamento Marítimo**

<http://www.salvamentomaritimo.es/conocenos/nuestra-empresa/trabaja-con-nosotros>

Public entity affiliated to the Spanish Ministry of Transport, with several maritime centres and units alongside the coast of the peninsula. They offer training, a certification system for industry professionals and a career site with job vacancies.

**B) DIGITAL RESOURCES**

**Europa Azul**

<https://europa-azul.es/>

Digital resource of the maritime world, mainly focused on fishing and aquaculture.

**Revista Argo**

<https://www.mmb.cat/recerca/publicacions/revista-argo/>

Publication dedicated to Mediterranean maritime culture and heritage, edited by the Maritime Museum of Barcelona. It is subject to a paid subscription, but previous issues may be accessed for free.

**Revista del sector marítim**

<https://sectormaritim.es/>

Digital magazine of the maritime sector specialised in naval engineering.

**Revista Marítima & Portuaria**

<https://revistamaritima.com/>

News, articles and reviews about events and international news about the maritime sector.

**The Maritime Executive**

<https://www.maritime-executive.com/>

International media about the latest news on the sector. It is published in English.

### DID YOU KNOW THAT...

Attending conferences and events is a **source of knowledge and interest** for any professional. Firstly, conferences and talks available usually shed light on **new trends** in the sector. Secondly, networking areas that are available in these type of events promote new **collaborations and professional opportunities**. All in all, they are a good way to keep yourself up to date and contact companies in your sector.

### REMEMBER!

The International Conference on Maritime Transport Infrastructure, held in Barcelona, brings together professionals of the **scientific and academic fields** as well as other professionals to **share experiences, innovations and challenges** of maritime transport and port logistics.

### FOCUSING

**Digitalisation in fishing and aquaculture** includes real-time monitoring systems to **identify fish as crustaceans**, as well as technology solutions combining 4K, 3D and LED cameras.

## 06. Conferences and events

### Alimentaria

<http://www.alimentaria-bcn.com/>

Event for all food, beverage and food service industry professionals.

### Alimentaria FoodTech

<https://www.alimentariafoodtech.com/ca/alimentaria-foodtech/>

Exhibition of machinery, technology and ingredients that make up the processing and conservation value chain of the food and beverage industry.

### Congreso de Ingeniería Naval e Industria Marítima

<https://ingenierosnavales.com/category/congreso/>

Congress held in A Coruña (Galicia) about the latest transformations and changes in the maritime world

### Congreso Nacional de la Asociación Española de Derecho Marítimo - AEDM

<https://www.aedm.es/es/congreso-nacional-2021-aedm>

National congress of the Spanish Maritime Law Association.

### Fira Marítima de la Costa Daurada

<https://magazine.clubnauticcambrils.com/category/fira-maritima-es/?lang=es>

Event located in Cambrils (Tarragona) gathering navigation professionals and enthusiasts.

### International Conference on Maritime Transport Infrastructure - ICMTI

<https://waset.org/maritime-transport-infrastructure-conference-in-march-2023-in-barcelona>

International conference held in Barcelona about maritime transport.

### Mediterranean Ports and Shipping

<https://www.valenciaport.com/en/valenciaport-brings-together-international-transport-and-logistics-experts-in-a-forum-to-encourage-investment-in-the-mediterranean/>

Series of conferences promoted by the Port of Valencia dedicated to the challenges faced by ports and port logistics.

### Saló Nàutic Internacional de Barcelona

<https://www.salonnautico.com/>

International boat show held in Barcelona.

### **Saló Internacional de la Logística i la Manutenció - SIL**

<https://www.silbcn.com/es/index.html>

Logistics exhibition where all sectors are represented, including maritime transport, logistics platforms, ports and marine companies dedicated to loading and unloading of cargo.

### **World Maritime Week - WMW**

<https://wmw.bilbaoexhibitioncentre.com/>

International meeting point of the Blue Economy sector consisting of five leading international congresses in the following fields: naval ([Sinaval](#)), fishing ([Eurofishing](#)), ports ([Futureport](#)), upstream and downstream oil and gas ([Oil&Gas Conference](#)) and wave, tidal and current energy ([Ocean energy conference](#)).
