

LinkedIn Request

Dear Roser,

I am David López. We met a week ago at the Vic Antiques Fair, where you told me that you had opened an antique furniture restoration workshop 10 years ago and that you used to go to almost all the events and exhibitions in Catalonia.

For my part, I have been working in this sector for many seasons, a job that I am passionate about and that I have combined part-time with being a carpenter.

I am getting in touch with you via LinkedIn, as I hoped we could keep in touch to share information and keep up to date with meetings and fairs. Also, as I mentioned, I found your restoration technique very interesting, so if I participate in or find out about projects that I think we could both collaborate on, I will send you the information.

Kind regards,

David López
