

Automotive Industry

Job search resources

OCTOBER 2015

This document aims to relate the main resources and channels that must be considered for a job search focused on the Automotive Industry Sector.

The main resources of this sector channels are grouped into the following sections:

Table of contents

01.	Specialized employment websites	4
02.	Self-Application	5
03.	Societies and professional associations	9
04.	Networking	11
05.	Conferences and events	12

JOB SEARCH RESOURCES

AUTOMOTIVE INDUSTRY

RELEVANT CATALAN INDUSTRIAL SECTOR THAT INCLUDES A BUSINESS NETWORK DYNAMIC, SMALL AND MEDIUM SIZE.

COMPANIES' TRENDS

Number of companies (BCN)

Distribution by sub sector (%)

In Catalonia in 2014 there were 395 companies in this sector. Most companies are from 1 to 9 employees (35.9%). Most companies produce parts and accessories for engines and installations that are part of a vehicle.

EMPLOYMENT TRENDS

Vehicle registration (province BCN)

Occupation (CAT)

Employment in Catalonia was 35,213 workers in 2014. It has undergone a slight reduction but the prospects are good if we consider the comeback in the register of vehicles in the city of Barcelona, for example.

Direct jobs in the sector in 2013 in Catalonia.

35.213

WE RECOMMEND ...

- 1 Robotics and technology are present in the sector. Show your experience and knowledge to use this type of machinery in the CV and interviews.
- 2 When it comes to management profiles should take into account that the market in this sector is highly globalized. The languages and international experience are an added value.
- 3 Skills as flexibility and change management, learning, analytical thinking and teamwork, as well as achievement orientation are highly valued.
- 4 Do not forget to promote self-application, because most companies have their own channels to receive CV and presentations.
